

INTO THE GAME

Instructions for submitting your audition for "Trailer Trash Canah".

"Canah" is pronounced "KENNA" or "KIN AH". It is as though someone were speaking quickly with a slight drawl and saying "Can I" - "Kin Ah"

Record your video and upload it to YouTube. You can download the script here:

www.fernleif.com/IntoTheGame/TrailerTrashCanah.pdf

You will need someone to read the role of SONYA off camera.

Your YouTube submission must have the heading "Into The Game - Trailer Trash Canah - (your name)"

You are free to improvise if you choose. You can stay as close to the script as you want, or you can completely rewrite Canah's answers to the questions provided. You are free to use any dialect and wardrobe that you want.

You can submit as many video takes as you want so long as they each have their own link.

Upload your video and send the link to "IntoTheGame@fernleif.com". Include in the email your Youtube link, your name and contact information.

YouTube does not accept videos that have profanity or nudity so the script is written with neither of those.

If you are not able to upload the video, you may mail your video to:

Fernleif Productions

10061 Riverside 495

Toluca Lake, CA 91602

Attn: Canah Audition

If you have any questions, you can submit them to "IntoTheGame@fernleif.com"

There are no physical auditions, so anyone in the world can submit. On the actual episode, your video will be played on the screen. You will receive full screen credit for the episode.

For the audition, you may read from the script, you do not need to have it memorized. Flashcards are also acceptable. We are looking for "Attitude and flare", so feel free to read straight from the pages.

The top 10 videos with the most hits will make it into the final round. In addition to that, five of the videos that were mailed in will be judged, and make it into the final round as well, for a total of 15. Those 15 will be rated and judged by Fernleif productions to determine which actor will get the role.
